O R D E R:

Under G.O. No. 2786, P.H., dated 26th October 1945, the test applied to decide the nativity of a candidate seeking admission to medical and engineering colleges, is the residence of the candidate or his parents in the district for a period of ten years immediately preceding the date of application, excluding the periods spent by his parents in Government service in any other district. As similar provision has not been made in the rules, in the case of children of non-officials, difficulty has been experienced in deciding their nativity. To remedy this, the Government have decided that the concession given to government servants to exclude the periods spent outside their district of origin in Government service may be extended to non-officials also, enabling them to exclude the periods spent by them outside their district of origin, on business or in the exercise of any profession.

2. Cases in which there might not be ten years' residence anywhere will be treated on the same lines as the cases of naturalized British subjects dealt with in G.O. No.2113, P.H., dated the 17the June 1947 and the following conditions shall apply to them:-

(1)A total period of ten years' residence in the Province will be insisted on.

(2) The district in which the candidate or his parents resided at the time of applying for admission to the college, may be taken as the district to which the candidate belongs, for purposes of the rule of linguistic representation laid down in G.O. No. 1358, P.H. dated 16th June 1943.

(3) Candidates need not be requiredto produce nativity certificates but should be required to furnish proof in support of (1) and (2). The certificate in this behalf should be signed by a Magistrate or by a Gazetted officer.

3. The following amendments shall be made to G.O. No.1466 P.H- dated 13th May 1946:-

In the Appendix to the said Order:-

(a) in Form I, after the words "While the latter was employed in Government service", the following words shall be inserted, namely:-

"or was engaged in any occupation, trade, business or profession";

(b) in Form II,after the words "exclusive of the period spent by the said Y in Government service", the following words shall be inserted, namely:-

"or in any occupation, trade, businessor profession";

(c) in the Note at the end, after the first paragraph, the following paragraph sall be inserted, namely:-

" Where the parent of a candidate is engaged in any occupation, trade, business or profession, references in this Note to "Government service" shall be constued as references to such occupation, trade, business or profession, as the case may be."
